"Empowering Enterprises through Digital Transformation"

AIQoD

Cognitive Enterprise Data Extraction, Management and Analytics Platform

bd@aiqod.com

ABOUT US

We're a bunch of innovators and disruptors working together with the passion to build an enterprise-grade No Code platform with advanced capabilities in AI, ML, NLP, and Analytics. The platform providers enterprises to reimagine and reengineer their digital transformation journey making them truly innovative, cutting-edge, and ahead of the time. The simplicity of the platform allows enterprises to digitally transform their business without writing any code. With every day invested by us in the platform, we aim to empower our customers to take informed business decisions and to help them grow their businesses.

Digital Transformation

IDP/IIP EDM Analytics

Action (Hyper-Automation)

IDP – Intelligent Document Processing
IIP – Intelligent Information Processing
EDM – Enterprise Data Management

VISION

Make digital transformation affordable with guaranteed results for every enterprise

MISSION

Provide a disruptive alternative to the traditional Enterprise Data Capture, Processing, Management, Analytics by integrating multiple applications and give a cognitive No-Code end to end SaaS platform which does it all from 'Data Extraction' to creating 'Insights' and to taking 'Actions'

LEADERSHIP TEAM

Anil Nair
Founder & CEO
(Ex-Director Amdocs)

BT Nagesh
Head Sales

Ajinkya Mulay
Head-Blue Ocean

Nishant M
Head Enterprise Architect
(Ex-Sr. Architect Infosys)

G Shailaja
Delivery Head (Global)
(Ex-GM Cisco)

Arvind Jadhav
ASM Head (Global)
(Ex-Director Blenheim Chalcot)

MENTORS

S. Ramadorai
Ex-CEO TCS

K. Jayaramakrishnan
Ex-Head Global Alliances TCS

Neeraj S
Former Head Cognizant UAE

Venkat Ramani
Former VP IBM, Antworks

ADVISORY BOARD

PROF. M.S. Krishnan
University of Michigan

PROF. S SADAGOPAN
Ex-Director IIIT Bangalore

Abonty Banerjee
CDO, Tata Capital

PR Krishnan
Ex-Executive VP at TCS

ACHIEVEMENTS

KPMG
Top 15 Finalist

LogiXtics
Top 34 (~500 participants)

CLARION CALL
Winner (~1000 participants)

INTEL AI BUILDERS MEMBER
Proud Partner of Intel AI Builder

amazon smbhav
Top 250 (~2500 participants)

BENEFITS

• **Rapid Results** with 65% ROI within months
• Up to 80% reduction in the **total cost of operations**
• 70-80% increase in **speed of operations**
• Improve **customer satisfaction**.

CITY UNION BANK

AIQoD
Empowering Enterprises

Data → Insight → Action

"EMPOWERING ENTERPRISES THROUGH DIGITAL TRANSFORMATION"

Every business big or small takes decision based on data points and today data capture, management & analytics solution is available only for select few enterprises due to the cost of implementation and maintenance which runs into millions of dollars, and it takes ~24-36 months to complete any digital transformation projects with a 50% success rate. AIQoD provides an agile approach delivering guaranteed results within weeks with excellent ROI.

- Machine Learning
- Computer Vision
- Natural Language Processing
- Cognitive computing
- Neural Network
- Deep Learning

CAPABILITIES

Intelligent Information Processing using AI/ML/NLP

> OCRi, Image, Text & Video Analysis, data extraction from any source and type, data extraction from unstructured sources, object detection and extraction
> Data validation & Enhancements using Rule engines
> Data Classification
> Workflow setup
> Queue & SLA management

Insights using Analytics

> Role-based Analytical Dashboards
> KPIs & Metrics
> Dashboard, email, and sms Alerts
> Projections using ML models

Action through hyper-Automation

> Web & Windows Recorder
> Open API connectors
> File-based or recorder-based integration with 3rd party applications
> Data Reconciliation
> Output in any format e.g. JSON, CSV, XML, etc

"Digital Transformation through Intelligent Information Management"

INSURANCE
- Customer Onboarding
- Insurance Claim Process
- Fraud Prevention
- Document Digitization

ENGINEERING/UTILITY
- Drawing Vectorization
- P&ID to BOM creation
- Concession request automation
- GIS Application for Asset Tracking and Work-order Execution

HEALTHCARE
- Medical Reports, ADR, Bills, Prescriptions Digitization
- Sentiment analysis & Web scraping
- Product & pricing data analytics
- HTA & evidence library

BANKING
- Remote KYC
- Cheque Clearing
- Document Digitization
- Loan Processing
- A/c Stmt. Generation & Dispatch
- Account Closure Process
- MIS dashboard

RETAIL
- Procure to Pay process
- Order Fall-Out Management
- QR & Barcode extraction
- Order processing & Payment Reconciliation.

INDUSTRY AGNOSTIC
- AP Automation
- VAT & Excise Filing
- Social Media management
- Ticket Management
- MIS Dashboard
- Bank Reconciliation
